### ***Dedicated to the Search for Truth***

Krotona Library was founded in 1912 when Krotona was located in Hollywood, and was moved to Ojai along with the Institute in 1924. The library emphasizes the ageless wisdom tradition, or Theosophy, and spiritual traditions of East and West. Its collection numbers nearly 8,000 titles and contains a wide range of materials including texts, journals, and study guides. Students and research scholars will find material on theosophy, philosophy, religion, meditation, death and dying, healing, yoga, advancements in science, and more.

An expanded theosophical resource, which includes the collections of the Henry S. Olcott Memorial Library, Wheaton, Illinois and the New York Theosophical Library as well as the Krotona Library, is available at [library@theosophical.org](mailto:library@theosophical.org)

Krotona library is open to all. Visitors may explore the collection, relax in the peaceful atmosphere of the library, study in comfortable surroundings, enjoy the beautiful grounds, walk the meditation labyrinth, and explore the Quest Bookshop.

### **Library Hours**
